DISASTER MANAGEMENT PLAN

Billabong High International School, Sector 34, Noida, Uttar Pradesh

OBJECTIVES

- To prevent accidents and emergencies in the swimming pool premises
- To ensure immediate and effective response during emergencies
- To define roles and responsibilities of staff members
- To establish a clear communication system
- To coordinate with external emergency services

SCOPE

This plan covers the pool tank, pool deck, changing rooms, plant room, spectator area, entry & exit gates and the entire operational zone under Dive-In Aquatics.

POSSIBLE EMERGENCY SITUATIONS

- Water-based emergencies – drowning, spinal injury, major bleeding
- Medical emergencies – cardiac arrest, asthma attack, seizures, dehydration
- Fire & electrical emergencies – short circuit, plant room fire
- Structural & technical failures – suction entrapment, contamination, chemical leakage
- Natural disasters – earthquake, lightning, storm
- Security threats – unauthorized entry, missing child, crowd panic

EMERGENCY RESPONSE PROTOCOL

- Activate emergency signal and clear the pool immediately
- Perform rescue using proper technique
- Provide First Aid / CPR
- Call ambulance and inform authorities
- Maintain crowd control

EVACUATION PLAN

- Open emergency exit gate
- Move swimmers in a line without panic
- Check changing rooms & washrooms
- Assemble at designated assembly point

ASSEMBLY POINT

Designated Safe Assembly Area: Football Ground (in front of the swimming pool)

EMERGENCY EQUIPMENT AVAILABLE

- Rescue tubes & life buoys
- Stretcher
- First aid kit
- Fire extinguishers
- Emergency alarm / whistle
